

Yarn Dolls

Supplies:

- Piece of cardboard
- Yarn ball
- Piece of yarn
- 6 elastics
- Safety pin

Instructions:

- Wrap the yarn around the cardboard until done.
- With the piece of yarn, slip it under the wound yarn and tie a knot tightly toward the top to make the hanger for the doll. Tie the ends of the yarn into another knot. Slide the yarn off the cardboard.
- Use an elastic to create a head towards the top of the doll.
- Cut the loops at the bottom.
- Separate the yarn into three groups to form the two arms and the body.
- Use another elastic around the body of the doll to make a waist.
- Use additional elastics to tie the arms to make wrists and legs to make feet (if desired). Arms and legs can also be braided prior to putting on the elastics.
- Use the safety pin to attach to a hat or bag.
